

OW224 RUNGSTEDLUND DINING TABLE OLE WANSCHER

DESCRIPTION

The OW224 Rungstedlund Dining Table was designed by Danish designer Ole Wanscher, inspired by English furniture from the 1700s – as demonstrated by its slender form and curved silhouettes. The elliptical dining table features a tabletop in mirrored crown cut and book-matched veneer, highlighting the beautiful, tactile grain of the wood. The square, vertical table legs slope slightly on the two inner sides, which are joined in a rounding that gives the table an almost floating appearance.

DESIGNER

Ole Wanscher was integral to the aesthetic and functionality of modern Danish design. Having studied under Kaare Klint, he helped shape Danish furniture design as a designer and educator when he took over Klint's professorship at the Royal Danish Academy of Fine Arts.
