## CPH 190 DESK DESIGN BY RONAN & ERWAN BOUROULLEC

Sharing the same angled legs as the rest of the series, the tabletop of the Moulded Plywood Desk CPH 190 features a split at the back of the table, creating a useful upright backrest for supporting notes and open books, while the remainder serves as workspace. This has the dual benefit of making the desk more compact, at the same time it increases functionality. Ideal for using in a home office or in a work environment, it is crafted in oak with a water-based lacquer.
